

Book of Acts Study Aids

This is a list of resources to assist UBC Life Groups in the study of the book of Acts. It is designed to coordinate with UBC's Sunday morning preaching ministry. Use these materials as a prompt to look deeply into the text and to probe the teaching found there. You will find supplementary texts to examine, questions to stimulate your thinking, and some helps to draw out the application for contemporary life. You will also find suggestions of other resources to consider using as you dig into Acts.
